[10.] 6. Nothing in this section shall prohibit a health care facility licensed pursuant to chapter 198, RSMo, from being replaced in its entirety within fifteen miles of its existing site so long as the existing facility and proposed or replacement facility have the same owner or owners regardless of corporate or business structure and the health care facility being replaced remains unlicensed and unused for any long-term care services whether they do or do not require a license from the date of licensure of the replacement facility.

This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and

Such owner's election shall occur within ninety days of August 28, 2000. Such choice of municipalities shall be permanent. Thereafter, all courts of this state shall take notice of the limits of both municipalities as changed by the ordinances. [94.580. 1. The governing body of any constitutional charter city with a population of over four hundred thousand and located in four or more counties is hereby authorized to impose, by ordinance, a sales tax on all retail sales which are subject to taxation under the provisions of sections 144.010 to

144.525, RSMo, for the purpose of providing funds for flood relief projects in that city. The tax authorized by this section shall be authorized only to the extent a city may seek authority from its voters under section 94.577 to impose a capital improvements sales tax. The sum of sales taxes imposed by a city under the authority of section 94.577 and this section shall not exceed one-half of one percent. The ordinance shall become effective after the governing body of the city submits to the voters of that city a proposal to authorize the tax. Notwithstanding the provisions of chapter 115, RSMo, to the contrary, all required notice shall be provided to all entities specified in sections 115.125 and 115.127, RSMo, within one business day of adoption of the ordinance calling an election as a result of a flooding emergency, and the provisions of section 115.123, RSMo, shall not apply. However, election authorities shall provide notice one time as soon as feasible after receiving notice from the city calling the election consistent with the publication requirements of chapter 115, RSMo.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the city of .....(name of city) impose a sales tax of .....(insert amount) for ..... (insert term) for the purpose of funding flood relief projects?

YES

NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance shall be in effect, beginning the first day of the second calendar quarter following its adoption. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the governing body of the city shall have no power to impose the sales tax authorized in this section unless and until the governing body of the city shall again have submitted another such proposal and the proposal is approved by the requisite majority of the qualified voters voting thereon. Any subsequent election shall not be excused from the requirements of chapter 115, RSMo.

3. After the effective date of any tax imposed under the provisions of this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax in the same manner as provided in sections 94.500 to 94.550, and the director of revenue shall collect in addition to the sales tax for the state of Missouri the additional

tax authorized under the authority of this section. The tax imposed pursuant to this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the tax shall go into effect on the first day of the next calendar quarter beginning after its adoption and notice to the director of revenue, but no sooner than thirty days after such adoption and notice. Except as modified in this section, all provisions of sections 32.085 and 32.087, RSMo, shall apply to the tax imposed under this section.

4. The sales tax may be approved at a rate of one-eighth of one percent, one-fourth of one percent, three-eighths of one percent or one-half of one percent, but in no event shall the sum of the tax imposed by this section and section 94.577, in one or more elections, exceed one-half of one percent of the receipts from the sale at retail of all tangible personal property and taxable services at retail within any city adopting such tax, if such property and services are subject to taxation by the state of Missouri under the provisions of sections 144.010 to 144.525, RSMo. Whether approved at one or more elections, the flood relief sales tax rate may not exceed the available taxing authority of the city.

5. All revenue generated from the tax authorized under the provisions of this section shall be deposited into the "Flood Relief Projects Fund", which is hereby created in the state treasury. The fund moneys shall be distributed to the city from which the revenue was generated for the sole purpose of funding flood relief projects. Once the tax authorized by this section is abolished or terminated by any means, all funds remaining in the fund shall be used solely for that purpose.

6. Any sales tax imposed pursuant to this section shall expire no later than two years from the date of its inception.]

Leave for such volunteer tutoring activities shall not be granted in excess of one-half of the hours spent tutoring, for activities conducted at times outside of the employee's normal work day, for more than forty hours in any one calendar year, or more than two hours in any one day. The principal of the school shall give such an employee a signed statement by such principal verifying the time such employee was engaged in such tutoring activities.

2. To be eligible to participate in a volunteer tutoring program as provided in subsection 1 of this section, the employee shall:

(1) Be a full-time state employee with a performance appraisal of highly successful or outstanding;

(2) Have the approval of the employee's supervisor or supervisors;

(3) Not be absent during heavy workload periods or create scheduling conflicts with other state employees or result in any overtime hours for the employee or other state employees;

(4) Establish a set schedule, including traveling time to the school, which shall not be for more than two hours per day or more than one day per week; and

(5) Submit the statement issued by the principal verifying the time the employee was engaged in volunteer tutoring activities.

3. Every state agency that has state employees participating in a formal tutoring or mentoring program as provided in subsection 1 of this section shall submit a summary of the statements received pursuant to subdivision (5) of subsection 2 of this section to the Missouri community service commission, created in section 26.605, RSMo. Such summary shall include the number of employees participating, the number of hours that all participants engaged in volunteer tutoring and a list of the schools where the employees volunteered.

4. The Missouri community service commission shall submit an annual report to the general assembly with the names of the state agencies submitting the summaries required by subsection 3 of this section and a compilation of all

6. The provisions of this section shall expire on June 30, 2002.]

[144.041. In addition to the exemptions granted under the provisions of section 144.030, there is hereby exempted from any sales and use taxes levied by the state and any sales taxes levied by any political subdivision of this state as otherwise authorized by law any charges for admissions, as defined in section 144.010, to any of the games of the 1994 World Cup Soccer Tournament which are held in any county of the first classification having a charter form of government which contains all or any part of a city with a population of at least three hundred fifty thousand inhabitants.]

[152.032. 1. Fifty percent of all taxes collected by the director of revenue under the provisions of this chapter shall be deposited in the state treasury to the credit of a fund to be known as the "Grade Crossing Fund", which is hereby created and established for the purpose of providing revenues to protect the public against hazards existing at the crossings of public roads, streets, and highways with railroad tracks. Whenever the motor carrier and

railroad safety division of the department of economic development, pursuant to section 389.640, RSMo, orders the installation, construction or reconstruction of automatic signals or other safety devices or other safety improvements at crossings at grade of railroads and public roads, highways or streets, the cost thereof, which the division apportions against the state, county, municipality or other public authority in interest, shall be paid out of the grade crossing fund; provided, however, that when any part of such cost can be paid from funds available under any federal or federal aid highway act such part shall not be paid from the grade crossing fund; and provided, further, that no more than ninety percent of the cost of protecting any grade crossing shall be paid out of the grade crossing fund. The motor carrier and railroad safety division of the department of economic development shall, in cooperation with other governmental agencies of the state, determine if any such cost can be paid from funds available under any federal or federal aid highway act. An order of the motor carrier and railroad safety division of the department of economic development for the payment of any such cost from the grade crossing fund shall be authority for the state treasurer to pay out of that fund to the person, firm, or corporation entitled thereto under the division's order the amount so determined to be paid from said fund. However, such payments annually shall not exceed in any one county an amount equal to the distribution as set forth in section 152.050, unless the motor carrier and railroad safety division of the department of economic development makes a specific finding of facts and conclusions of law that a situation highly dangerous to the public does exist.

2. The unexpended balance in the grade crossing fund at the end of each fiscal year shall not revert to the general revenue fund as provided in section 33.080, RSMo, but shall accumulate from year to year.]

[160.302. 1. The application shall be accompanied by a technical assistance report. The application and the technical assistance report shall be in such form and contain such information as prescribed by the department.

2. All applications shall be assigned a "payback score" derived from the application review performed by the department. In no case shall a loan be made to finance an energy project with a payback score of less than six months or more than five years. Applications may be approved for loans only in those instances where the school district has furnished the department information satisfactory to assure that the project cost will be recovered through energy cost savings during the repayment period of the loan. In no case shall a loan be made to a district unless two-thirds of the members of the school board vote to approve the loan agreement.

3. The department of elementary and secondary education shall be provided a summary of all proposed school district projects for review within fifteen days from the application deadline. Once projects have been reviewed and selected for loans by the department of natural resources, the department of elementary and secondary education shall have thirty days to certify that those projects selected for loans are consistent with related state programs for educational facilities. loan. Energy cost savings shall be calculated in the manner prescribed by the department.]

[160.306. 1. Each school district to which a loan has been made under sections 160.300 to 160.328 shall repay such loan, with interest, in semiannual payments. The rate of interest shall be the rate required by the funding source. The number, amounts and timing of the semiannual payments shall be as determined by the department.

2. Any school district which receives a loan through the provisions of sections 160.300 to 160.328 shall annually budget an amount which is at least sufficient to make the semiannual payments required under this section.

3. The district shall not raise the funds needed to make the semiannual loan payment by the levy of additional taxes and shall not provide for such payment by a charge against any established district fund or account. The semiannual loan payments shall be derived solely from energy cost savings resulting from the implementation of the project. In the event that energy cost savings resulting from the project fail to equal or exceed the amount of the semiannual payment, the district and the department shall renegotiate the repayment period in such a manner as to assure that the semiannual payment amount does not exceed the actual energy cost savings resulting from the project.

4. If a school district fails to remit a semiannual payment to the department in accordance with subsection 5 of this section within sixty days of the due date of such payment, the department of natural resources shall notify the department of elementary and secondary education to deduct such payment amount from the next regular apportionment of state funds to that district. That amount shall then immediately be deposited in the energy set-aside loan fund.

5. All districts having received loans pursuant to sections 160.300 to 160.328 shall remit the semiannual payments required by subsection 1 of this section to the department. The department shall immediately deposit such payments in the energy set-aside loan fund.]

Information sufficient to indicate the receipt and expenditure of all funds authorized and allowed under the terms of the loan shall be entered in this account.

2. The district shall maintain all internal records directly related to the

loan and the project in such a way as to provide for proper auditing of the project.]

[160.310. 1. The state treasurer shall establish, maintain, and administer a special trust fund to be administered by the department and to be known as the "Energy Set-aside Program Fund", from which public school districts may seek and obtain loans for the purpose of implementing energy conservation projects under the provisions of sections 160.300 to 160.328.

2. All moneys duly authorized and appropriated by the general assembly, all moneys received from federal funds, gifts, bequests, donations or any other moneys so designated, all moneys received pursuant to section 160.306, and all interest earned on and income generated from moneys in the fund shall immediately be paid to and deposited in the energy set-aside program fund.

3. All principal deposits, as authorized in subsection 1 of this section, and all repayments of loans by school districts, as specified in subsection 5 of section 160.306, to the energy set-aside program fund shall be available to be issued and reissued for loans as authorized by sections 160.300 to 160.328. After appropriation from the general assembly, the department may expend interest earned on the energy set-aside program fund for the administration of the school loan program in sections 160.300 to 160.328.

4. The commissioner of administration shall disburse such moneys at such times from the fund as are authorized by the department pursuant to section 160.302.

If a school district fails to remit repayment to the department within sixty days of notification, collection shall be made through the provisions outlined in subsection 4 of section 160.306.

2. The department may, at its discretion, audit the expenditure of any loan made pursuant to sections 160.300 to 160.328 or the computation of any payment made pursuant to section 160.306.]

All moneys from sources other than state appropriations which are specified to be used for purposes identified under the provisions of sections 160.300 to 160.328 shall be handled in the same manner as moneys received through state appropriations unless otherwise required in agreements or regulations with the sources from which such moneys are obtained. The department director shall certify that the use of all such moneys and any required agreements or regulations are consistent with the intent of sections 160.300 to 160.328, and all other state and federal laws governing such moneys, agreements and regulations.]

[160.320. 1. In the event general revenue appropriations are not available to fund sections 160.300 to 160.328, the department and the authority shall have the power to issue and sell revenue bonds in an amount not to exceed the estimated cost of the projects including costs necessarily incidental thereto.

2. No revenue bonds shall be issued and sold unless, at the time of issuance, the department and the authority shall first obtain the approval of the governor and general assembly and:

(1) Pledge the semiannual payments received under the provisions of section 160.306 to the payment of the bonds, both principal and interest;

(2) Provide and maintain an interest and sinking fund in an amount adequate to promptly pay the principal of an interest on the bonds;

(3) Provide a reasonable reserve fund;

(4) Provide a reasonable fund for depreciation.

3. The proceeds of the sale of any bonds issued under sections 160.300 to 160.328 shall be paid into the state treasury to the credit of the energy set-aside program fund established in section 160.310.

4. The revenue bonds may be issued pursuant to a resolution issued by

the department and the authority after proper authorization through an appropriation authorizing expenditures out of the proceeds of the sale of the bonds which appropriation shall be chargeable to the energy set-aside program fund.

5. Bonds issued pursuant to sections 160.300 to 160.328 are not an indebtedness of the state of Missouri, or the department and the authority or its employees and are not an indebtedness within the meaning of any constitutional or statutory limitation on the incurring of indebtedness. The bonds may be either serial or term bonds.

2. Serial bonds may be issued with or without the reservation of the right to call them for payment and redemption in advance of their maturity, upon giving such notice, and with or without a covenant requiring the payment of a premium in the event of payment and redemption prior to maturity as the department and the authority may determine.

3. Term bonds shall contain a reservation of the right to call them for payment and redemption prior to maturity at such time and upon the giving of such notice and upon the payment of such premium, if any, as the department and the authority may determine.

4. The bonds, when issued, shall be sold at public sale for the best price obtainable after giving such reasonable notice of the sale as the department and the authority may determine; except that, no bonds shall be sold for less than ninety-five percent of their par value, and accrued interest.

5. The bonds may be sold to the United States of America or to any of its agencies or instrumentalities, at a price not less than par and accrued interest, without public sale and without the giving of the notice prescribed in this section.

6. The bonds, when issued and sold, shall be negotiable instruments within the meaning of the law merchant and the negotiable instruments law, and the interest thereon shall be exempt from income taxes under the laws of this state.]

[160.324. 1. When not inconsistent with the provisions of sections 160.300 to 160.328, the department and the authority are authorized to prescribe the form, details and incidents of the bonds and to make such

covenants as in their judgment may be advisable or necessary properly to secure the payment of the bonds.

2. The holder of any bond issued under sections 160.300 to 160.328 or of any coupons representing interest accrued may, by proper civil action either at law or in equity, compel the department and the authority to perform all duties imposed upon them by sections 160.300 to 160.328, including the making and collecting of sufficient rates and charges for the use of the project for which the bonds were issued, and may enforce the performance of any covenant made by the department and the authority in the issuance of the bonds.]

[160.326. 1. The revenue bonds issued pursuant to sections 160.300 to 160.328 may be refunded, in whole or in part, under any of the following circumstances:

(1) When any of the bonds have by their terms become due and payable and there are not sufficient funds in the interest and debt service fund to pay the bonds and the interest thereon;

(2) When any of the bonds are by their terms callable for payment and redemption in advance of the date of their maturity and shall have been duly called for payment and redemption;

(3) When any of the bonds are by their terms callable for payment and redemption in advance of the date of maturity and the refunding bonds are sold more than one year prior to the maturity or redemption date of the bonds being refunded. The proceeds derived from the sale of the refunding bonds shall be deposited in escrow with the state treasurer or a bond or trust company located in the state of Missouri which has full trust powers, and such proceeds shall be invested promptly in direct obligations of the United States of America or of its agencies or instrumentalities, or in obligations, the principal of and interest on which are guaranteed by the United States of America, which, together with the interest to be earned on such obligations, will be sufficient for the payment of the principal of such bonds, the redemption premium thereon, if any, and interest accrued to the date of maturity or redemption. Any moneys or obligations which at any time shall be deposited with the state treasurer or with such bank or trust company for the purpose of paying and discharging any of the bonds shall be assigned for the respective holders of the bonds, and such moneys shall be irrevocably appropriated to the payment and discharge thereof;

(4) When any of the bonds are voluntarily surrendered by the holders for exchange for refunding bonds.

2. For the purpose of refunding any bonds issued, including refunding bonds, the department and the authority may make and issue refunding bonds in such amount as may be necessary to pay off and redeem the bonds to be refunded together with unpaid and past due interest thereon and any premium which may be due under the terms of the bonds, along with the cost of issuing the refunding bonds.

3. The refunding bonds shall be sold in the same manner as provided in sections 160.300 to 160.328 for the sale of revenue bonds.

4. The proceeds of the refunding bonds shall be used to pay off, redeem and cancel such old bonds and interest and the premium, if any due thereon, or the refunding bonds may be issued and delivered in exchange for a like par value amount of the bonds for which the refunding bonds were issued, except that no refunding bonds issued pursuant to sections 160.300 to 160.328 shall be payable in more than twenty years from the date of issue or shall bear interest at a rate in excess of fourteen percent per annum.

5. The refunding bonds may be payable from the same sources as were pledged to the payment of the bonds refunded and, in the discretion of the department and the authority, may be payable from any other source which under sections 160.300 to 160.328 may be pledged to the payment of revenue bonds.]

[160.328. The authorization to issue bonds under sections 160.300 to 160.328 shall terminate on January 1, 1996. All other authorization under sections 160.300 to 160.328 shall expire on January 1, 2001.]

[160.550. 1. There is hereby authorized a program, subject to appropriation, for the 1995, 1996, and 1997 fiscal years to provide incentive payments to school districts to reduce pupil/teacher ratios and promote student achievement in grades kindergarten to three. In providing incentive payments authorized by this section, the state board of education, by rule and regulation, shall take into account the instructional methods that school districts use to qualify for the incentive payment. The state board of education shall promulgate any rules it deems necessary to effectively implement the provisions of this section. Any school district which achieves a pupil/teacher ratio of twenty-five to one or lower in any grades kindergarten to three shall be eligible for incentive payments pursuant to this section.

2. For the purposes of this section, the term "teacher" means a certificated teacher licensed to teach in Missouri, who is a regular classroom teacher in a regular instructional program. The term shall not include aides, administrators, or teachers with temporary certificates.

Further, by rule and regulation of the state board of education, criteria shall be established to disqualify school districts from receiving incentive payments outlined in this section if such qualification is due to enrollment decreases in the district that have occurred in grades kindergarten to three.

4. Nothing in this section shall be construed to preclude the teaching staff within a school from grouping pupils in alternative ways for instruction, including, but not limited to, team teaching, class-within-a-class, cooperative learning, and ungraded approaches to teaching; provided, however, that such alternative instructional groupings are not used in grade levels not affected by the program outlined in this section in order to meet the criteria to qualify for receiving incentive payments for the reduction in class size in grades kindergarten to three.

5. No rule or portion of a rule promulgated under the authority of sections 160.500 to 160.538, sections 160.545 and 160.550, sections 161.099 and 161.610, RSMo, sections 162.203 and 162.1010, RSMo, section 163.023, RSMo, sections 166.275 and 166.300, RSMo, section 170.254, RSMo, section 173.750, RSMo, and sections 178.585 and 178.698, RSMo, shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.]

[161.205. The department of elementary and secondary education shall furnish a legislative summary of all changes in juvenile law enacted during the 1995 regular session of the general assembly and distribute it to all schools within the state of Missouri. All schools receiving state aid shall announce the contents of the summary to each student on the first day of class in the 1995-96 school year.]

[161.655. 1. For the purpose of promoting and improving each public school student's knowledge and responsibility relating to economics and personal finance, the department of elementary and secondary education shall conduct a study of economics and personal finance education and submit a report on the study to the Missouri general assembly on or before January 1, 2003.

2. The economics and personal finance report shall include, but not be limited to, the following:

(1) Recommendations on methods, materials, procedures, and in-service

training of teachers;

(2) Recommendations relating to funding to facilitate the integration of grade-appropriate principles of economics and personal finance from kindergarten through the twelfth grade into math, reading, writing, social studies, business, and family and consumer science courses;

(3) Recommendations relating to detailed procedures and timetables to assure integration of testing on appropriate areas of economics and personal finance in the Missouri assessment program (MAP) with sufficient test questions to permit a separate reportable test score for each of these two subjects;

(4) Recommendations relating to content for a capstone high school course in economics and personal finance in which a passing grade shall be achieved by each public school student prior to graduation from high school;

(5) Recommendations relating to establishing appropriate undergraduate preparation requirements for teacher certification for teachers from kindergarten through the twelfth grade that will enable new teachers to meet these increased expectations in economics and personal finance education;

(6) Recommendations relating to appropriate changes in state laws, rules, or regulations that are necessary to implement the stated purpose of this study.

3. Any costs relating to the completion of this study shall not be paid by Missouri tax revenue funds, but shall be paid by federal funds, private funds, or other funding sources.]

[173.710. Sections 173.700, 173.705, 173.708 and this section shall expire on January 1, 1996, if the midwestern higher education compact does not become effective prior to December 31, 1995.]

[173.715. The following compact, as amended, is approved and this state is declared to be a party thereto; and agreements, covenants and obligations therein are binding upon the state of Missouri.

#### THE REGIONAL COMPACT

1. Whereas, the said states desire to enter into a compact with each other providing for the planning and establishment of regional educational facilities;

2. Now, therefore, in consideration of the mutual agreements, covenants and obligations assumed by the respective states who are parties hereto (hereinafter referred as "states"), the said several states do hereby form a geographical district or region consisting of the areas lying within the boundaries of the contracting states which, for the purpose of this compact, shall constitute an area for regional education supported by public funds derived from taxation by the constituent states and derived from other sources for the establishment, acquisition, operation and maintenance of regional educational schools and institutions for the benefit of citizens of the respective states residing within the region so established as may be determined from time to time in accordance with the terms and provisions of this compact.

(1) The states do further hereby establish and create a joint agency which shall be known as the board of control for southern regional education (hereinafter referred to as the "board"), the members of which board shall consist of the governor of each state, ex officio, and four additional citizens of each state to be appointed by the governor thereof, at least one of whom shall be selected from the field of education, and at least one of whom shall be a member of the legislature of that state. The governor shall continue as a member of the board during his tenure of office as governor of the state, but the members of the board appointed by the governor shall hold office for a period of four years except that in the original appointments, one board member so appointed by the governor shall be designated at the time of his appointment to serve an initial term of one year; one board member to serve an initial term of two years; one board member to serve an initial term of three years; and the remaining board member to serve the full term of four years; but thereafter the successor of each appointed board member shall serve the full term of four years. Vacancies on the board caused by death, resignation, refusal or inability to serve, shall be filled by appointment by the governor for the unexpired portion of the term. The officers of the board shall be a chairman, a vice chairman, a secretary, a treasurer, and such additional officers as may be created by the board from time to time. The board shall meet annually and officers shall be elected to hold office until the next annual meeting. The board shall have the right to formulate and establish bylaws not inconsistent with the provisions of this compact to govern its own actions in the performance of the duties delegated to it including the right to create and

appoint an executive committee and a finance committee with such powers and authority as the board may delegate to them from time to time. The board may, within its discretion, elect as its chairman a person who is not a member of the board, provided such person resides within a signatory state, and upon such election such person shall become a member of the board with all the rights and privileges of such membership.

(2) It shall be the duty of the board to submit plans and recommendations to the states from time to time for their approval and adoption by appropriate legislative action for the development, establishment, acquisition, operation and maintenance of educational schools and institutions within the geographical limits of the regional area of the states, of such character and type and for such educational purposes, professional, technological, scientific, literary, or otherwise, as they may deem and determine to be proper, necessary or advisable. Title to all such educational institutions when so established by appropriate legislative actions of the states and to all properties and facilities used in connection therewith shall be vested in said board as the agency of and for the use and benefit of the said states and the citizens thereof, and all such educational institutions shall be operated, maintained and financed in the manner herein set out, subject to any provisions or limitations which may be contained in the legislative acts of the states authorizing the creation, establishment and operation of such educational institutions.

(3) In addition to the power and authority heretofore granted, the board shall have the power to enter into such agreements or arrangements with any of the states and with educational institutions or agencies, as may be required in the judgment of the board, to provide adequate services and facilities for graduate, professional and technical education for the benefit of the citizens of the respective states residing within the region, and such additional and general power and authority as may be vested in the board from time to time by legislative enactment of the said states.

(4) Any two or more states who are parties of this compact shall have the right to enter into supplemental agreements providing for the establishment, financing and operation of regional educational institutions for the benefit of citizens residing within an area which constitutes a portion of the general region herein created, such institutions to be financed exclusively by such states and to be controlled exclusively by the members of the board representing such states provided such agreement is submitted to and approved by the board prior to the establishment of such institutions.

(5) Each state agrees that, when authorized by the legislature, it will from time to time make available and pay over to said board such funds as may be required for the establishment, acquisition, operation and maintenance of such regional educational institutions as may be authorized by the states under the terms of this compact, the contribution of each state at all times to be in the proportion that its population bears to the total combined population of the states who are parties hereto as shown from time to time by the most recent official published report of the Bureau of Census of the United States of America; or upon such other basis as may be agreed upon.

(6) This compact shall not take effect or be binding upon any state unless and until it shall be approved by proper legislative action of as many as six or more of the states whose governors have subscribed hereto within a period of eighteen months from the date hereof. When and if six or more states shall have given legislative approval to this compact within said eighteen months' period, it shall be and become binding upon such six or more states sixty days after the date of legislative approval by the sixth state and the governors of such six or more states shall forthwith name the members of the board from their states as hereinabove set out, and the board shall then meet on call of the governor of any state approving this compact, at which time the board shall elect officers, adopt bylaws, appoint committees and otherwise fully organize. Other states whose names are subscribed hereto shall thereafter become parties hereto upon approval of this compact by legislative action within two years from the date hereof, upon such conditions as may be agreed upon at the time. Provided, however, that with respect to any state whose constitution may require amendment in order to permit legislative approval of the compact, such state or states shall become parties hereto upon approval of this compact by legislative action within seven years from the date hereof, upon such conditions as may be agreed upon at the time. (7) After becoming effective this compact shall thereafter continue without limitation of time provided, however, that it may be terminated at any time by unanimous action of the states and provided further that any state may withdraw from this compact if such withdrawal is approved by its legislature, such withdrawal to become effective two years after written notice thereof to the board accompanied by a certified copy of the requisite legislative action, but such withdrawal shall not relieve the withdrawing state from its obligations hereunder accruing up to the effective date of such withdrawal. Any state so withdrawing shall ipso facto cease to have any claim to or ownership of any of the property held or vested in the board or to any of the funds of the board

held under the terms of this compact.

(8) If any state shall at any time become in default in the performance of any of its obligations assumed herein or with respect to any obligation imposed upon said state as authorized by and in compliance with the terms and provisions of this compact, all rights, privileges and benefits of such defaulting state, its members on the board and its citizens shall ipso facto be and become suspended from and after the date of such default. Unless such default shall be remedied and made good within a period of one year immediately following the date of such default this compact may be terminated with respect to such defaulting state by an affirmative vote of three-fourths of the members of the board (exclusive of the members representing the state in default), from and after which time such state shall cease to be a party to this compact and shall have no further claim to or ownership of any of the property held by or vested in the board or to any of the funds of the board held under the terms of this compact, but such termination shall in no manner release such defaulting state from any accrued obligation or otherwise affect this compact or the rights, duties, privileges or obligations of the remaining states thereunder.
